READING, PA., June 2 .- (Special.)-The Richmond team arrived in town today and dropped a game to the locals, who won on their merits. No disgrace accompanies the defeat, however, for the local team is at present playing invincibly. The game was close throughout, and was a pitchers' battle, with the honors slightly in favor of Lucid. Stimmel pitched great ball, but was not supported as he should have been. Elsey, left, made three damaging muffs. The feature of the game was a great catch in right-centre by Kain, robbing Barckley of a sure two-bagger and preventing Minnehan, who was on third, from scoring. Elberfeld led at the bat with a singie and a home run. Reading took the lead in the first inning, with one out. Leighton's base on balls, Minnehan's out, McIntyre's single and steal, and Spratt's single scored two runs. Richmond scored a run in the first, after two men were out. Stuart was safe on Gallagher's poor throw, and Foster drove a fly to left, which Minnehan muffed, and Stuart

In the second Reading scored on Barckley's base on baks, Lucid's fly to left, which Easey muffed, and Stater's out, With two men out in the third, Elbera base and stole second. He took third on Lucid's out to Elsey, and scored on Slater's easy fly to left, which Elsey muffed. In the sixth another home player crossed the plate. Raymond sent a safe fly to short left for two bases, and cid duplicated the hit on which Ray-

In Richmond's half of the sixth they came within a run of tying the score. A base on balls to McDonald, Wells's hit to centre, Barckley's wild throw, and Cock-man's hit scored McDonald and Wells. In the eighth inning, with Slater at bat, and two out, the rain descended in tor-

The crew halling from Oysterville struck a snag this afternoon, and all hands were lost. For six innings it looked as if

inning they were saved from that ignominy by an error of Jack Wentz that gave them a chance to save their necks. In the ninth inning they managed to squeeze out another. It took them too long to catch sight of Frank West's curves. In the first six innings only two hits, singles by Pfanmiller and McFarlan, were made off the Maroons' twirler, and they were improductive. Catcher Heydon opened the seventh with a slashing three-bagger into right-field. He did it, however, after he should have been out, Wentz having muffed an easy foul-fly. Smith next filed out to Seyhold, and Heydon scored on the play. Then Pfanmiller singled, and Weihi followed with a double. Leahy filed out. This would have been the third out, and no runs would have been scored but for Wentz's error. McFarlan hit for two bases, and Pfanmiller and Weihi scored. Weddige filed out. In the ninth inning the fourth was scored on Weihi's being hit by the pitcher and Leahy's single. The twirler with the funny name was easy for the Lancasters. They made all kinds of hits off him, including a home-run drive by Seybold, the largest hit of the season. Ffanmiller further contributed to the joy of the spectators by giving several bases on balls at the most icopportune time. Two of these free passes to base came in the first inning, just after Buttermore had filed out, and both counted runs on Larocque's double. The latter was advanced by Seybold came home on Henry's double. Heavy scored a lifth run on a triple by Fitcher Yesger, who played short in place of Madison, the latter being sick. In the fifth inning the score was increased to seven through another triple by Yeager, Wentz's single, and Leahy's error. Two runs were earned in the sixth on Larocque's double and Seybold's home-run hit. Both teams played good ball, the Norfolks having a slight advantage in the field-work. Aside from Weat's pitching, the best features was Leahy's work at short. He had thirteen chances, and accepted twelve. The error charged against him was made in a difficult chance. Shaffer

The Turkish Trolley Party To-Night.

The Turkish Trolley Party To-Night.

The centre of interest for the last two weeks has been the Young Men's Christian Association, at the corner of Sixth and Main streets, where the bulletins of the Turkish-Graeco war are received and posted daily, showing the result of the engagements constantly taking place between these opposing forces. The Turkish army is still marching on from victory to victory. The last bulletin, however, states that hostilities will be suspended to-day, as the tremendous effort put forth by the Turks in these encounters makes it absolutely necessary that their minds be diverted from the horrors of war for a brief season, and also to realize funds to defray some of the expenses of this heavy warfare, and to that end special orders have been issued by the commander-in-chief for the Turks to assemble at First and Broad streets at 8:15 o'clock this evening, where magnificent Traction cars will be ready to receive them and the Turkish sympathizers, and convey all with ease and comfort over their splendid tracks through this beautiful city. Refreshments will be served at the reservoir end of the line by the Young Ladies' Society of Grace Episcopal church, of which Miss Mary Thaw is nresident.

Decrees in the Cumnock Coal-Mine Cases-Teachers to Discuss Pollties-State Texes-An Earthquake Story-Briefs.

RALEIGH, June 3 .- (Special.)-In the United States District Court here to-day, at chambers, Judge Purnell signed two decrees in the Cumnock coal mining cases. One of these orders that all the property covered by the deeds of trust of the Egypt Coal Company and the Langdon-Henszey Coal Company be sold in three months from to-day for cash. The commissioners are A. H. Taylor, of Baltimore; John W. Hinsdale, and Thomas B. Womack. Langdon, of Philadelphia, was making a great fight to secure this sale. The other decree signed approved the compromise in the nineteen suits for \$10,000 brought by relatives of miners killed in the explosion of December, 1895, at this mine. By the terms of the compromise, only \$9,000 is to be paid in full of all the claims.

Lieutenant-Governor Reynolds says that upon a proper assessment of lands in this State the amount received in taxes will be doubled. He declares the inequalities in assessments are now outrageous. Trucking lands, worth easily \$50 an acre, are assessed at \$5, and lands which at sale would not bring \$4 are assessed at \$8.
